This past year has been gratifying for us, as our herd is becoming more consistent in the level of Hollands we are producing, and this is reflected in our achieving Herdsman for the 4th year in a row.

It has taken hard work and long hours of breeding, cleaning, driving, culling, and showing to make this dream a reality. It is exciting to look back over the past 25 years that we have been involved in this hobby and see the progress that has been made in improving the breed across the country and to know that we have been at least a small part of that. We are thankful that we still have the stamina to drive long hours, carry rabbits, clerk and show all day and drive the long hours home and still be able to have fun meeting new people, making new friends and visit with old friends.

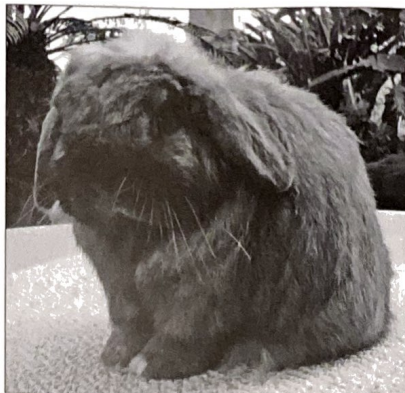

We are truly blessed to be a part of this hobby in which we share a passion with so many wonderful people.
