

# 2023 HLRSC Scholarship Winner

It is with the deepest gratitude that I am accepting the HLRSC Swan Brothers Scholarship. I couldn't have gotten here without the help of so many people. I will forever be thankful for my show family as I move forward in life to achieve new goals. I will never forget Brian and Cindi Hinton and the lessons they taught me over the past 9 years... From them, I learned that true hard work and dedication pay off. They have shown me how to be a good winner and to see my losses as a learning experience. From Stacy and Steven Hyatt, I learned how to be a Holland Diva and to always be kind but not to be afraid to fight for what is right. Without them and so many others who I have met along the way, I might not be where I am today. I am currently attending Angelo State University where I am studying to become a High School Agriculture teacher! Through this, I hope to help young kids and teens who are just like me learn about animals. This would be an opportunity to follow in my mentor's footsteps by passing on everything I have learned about rabbits. Thanks to this scholarship, the costs of my higher education will be cut down drastically. I am so thankful to have been given this opportunity and to be picked as the recipient of this scholarship.

I wish the best of luck to the graduating classes of 2023 and 2024 and all who apply for this scholarship!

For the love of the breed,  
Kaylee Garrett
