

# Pandora Allen of Virginia 2013

Pandora has raised and shown Hollands for over 20 years, and has served as HLRSC Secretary for fourteen years, as well as on several HLRSC Committees, including audit, elections, national show and ARBA convention committees. She also wrote and edited several editions of our club guidelines.

Pandora has contributed greatly to the ARBA, through many years co-chairing the ARBA Research and Development Committee. She tackled the weeklong task of running the R&D booth at convention for many years. Through her hard work, thousands of dollars have been raised for rabbit research.

She is one of those "forever helpful" club members who can always be depended upon, no matter the task. She has a confidence that transcends to others that things will be accomplished, and everything will be fine. When you think of the words "southern charm", you think of Pandora.
