

# Debbie Vigue of Maine 2005

Debbie was one of the first Holland Lop members joining in January 1986. She has served the club as President, Treasurer, and Director, as well as on several committees. While Treasurer she obtained tax exempt status with the IRS for the club. She singlehandedly recovered lost treasury funds, while President, after they were embezzled. This was no small task, and no one thought it was possible, but her tenacity and responsibility to the club came through! In addition, she was a major force behind the 1991 HLRSC National.

Debbie has worked on developing BEW Hollands. She consistently places at ARBA Conventions and Holland Nationals, and has won Best Fur at convention twice.

Debbie has written many articles for the Hollander and Guidebooks, edited the IMO Column and written most of the club's guidelines. She is called the "go to girl" to help answer questions and problem solve for many local clubs as well as the HLRSC. She was also co-editor of the New England Rabbit Lore Magazine for several years. She continues to write and enjoy her Holland Lops, in the showroom and more importantly in her rabbitry. She is always heard to say that it has not been about the rabbits, but about the people.
